2019-20 Funding Request for Additional Programs

DC students may use this form to request an adjustment to the Cost of Attendance (a.k.a. "budget") to cover the tuition and book/supply costs for additional UWS degree programs.

Budget adjustments generally result in increased Grad PLUS loan eligibility. Since Grad PLUS loan funding is dependent upon your credit, please be aware that a budget adjustment may not necessarily result in additional funding. The following costs are eligible for consideration:

- UWS Tuition for the M.S. program
- Documented costs for books and supplies (provide a copy of the course syllabus and a receipt for your purchases)

Please note that all expenses must be incurred during the current award cycle while you are enrolled at UWS.

To be eligible for a budget adjustment due to additional program costs, you must meet the following conditions:

- You must be enrolled at least half-time during the term in which the additional program costs are incurred
- You must be fully admitted and matriculated into the program for which you are requesting a budget adjustment
- You must be making Satisfactory Academic Progress (SAP) in accordance with the Financial Aid Office's policies.
- You must meet all financial aid eligibility requirements.

Funding will be awarded after the end of the drop-add period for the requested term of enrollment.

This request CANNOT be made for future terms of study.
Additional funding for each quarter must be requested separately.

To request a budget adjustment, please complete the reverse side of this form and provide the required documentation (a print out from the Business Office of current term charges for additional programs or the identified proof of books and supplies costs) appropriate to your request.

Please do not hesitate to contact the Financial Aid Office by email at finaid@uws.edu or call (503) 847-2563 if you have any questions.
