Introduction

The University of Western States (UWS) is committed to providing safe work and learning environments and recognizes crime prevention is the individual and collective responsibility of employees, students, and visitors of the university. Crime prevention is best served by the vigilant surveillance of the premises and reporting any suspicious personal behavior.

The information contained in this report is provided to assist students and employees in making decisions that may affect their personal safety when considering enrollment or employment at UWS. The report provides current students, employees and prospective students with information to help them avoid becoming victims of crime on campus. UWS does not offer on-campus housing.

The report is available electronically on the UWS website under the Campus Safety section under the Campus menu: <https://www.uws.edu/community/safety/>. The webpage includes a link to the annual Campus Safety and Security Survey, which includes data collected from internal and external sources. Internal sources include campus public safety, student services, campus operations, human resources, and reports from faculty, students, staff, and clinicians in response to accidents or incidents occurring on campus. The Portland Police Bureau, the Gresham Police Bureau, and Chemeketa Community College provide Clery crime statistics. UWS office of campus public safety is committed to preserving a safe and secure environment on behalf of every person who uses works and learns at the university.

What is the Clery Act?

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act or “Clery Act” requires post-secondary schools participating in Title IV student financial aid programs to publish an annual statistical report of crimes occurring on or near the institution’s campus and to provide information about security policies, procedures, and programs.

This report includes data for calendar years 2014, 2015, and 2016.

There have been several amendments to the Clery Act since it was originally passed under The Higher Education Act of 1965. HEOA most recently amended the Clery Act in February 2011 to create additional safety and security related requirements for institutions of higher education. Further changes to update, clarify and improve the current regulations were made to the Clery Act by the Violence Against Women Reauthorization Act of 2013. These amendments afford additional rights to campus victims of sexual violence, dating violence, domestic violence and stalking. UWS makes good faith efforts to incorporate legislation regarding the Violence Against Women Act (VAWA). More information on the Clery Act can be found on the U.S. Department of Education website at: <http://clerycenter.org/>.

UWS Policies Related to Clery Act Reporting

The university is committed to providing a safe environment for learning and working. The policies described in this report address campus safety and security at UWS. These policies may be updated throughout the year and are available at <http://www.uws.edu/uws-policies/>.

Most UWS policies apply to the UWS community regardless of location. However, there are additional policies and procedures noted in this report for Health Centers of UWS - Salem, which was located on the Chemeketa Community College campus in Building 8 until September 30, 2016.

How UWS Compiles Clery Campus Crime Statistics

Crime statistics are obtained externally from the Portland Police Bureau, Gresham Police, Chemeketa Community College Campus Public Safety, and Marion County Sherriff’s Office, and internally from student services, facilities and campus safety and from incident reports submitted to the associate vice president for university operations.

Reporting Criminal Offenses

Main Campus Crime Reporting

UWS encourages accurate and prompt reporting of all crimes and concerns to campus safety and appropriate police agencies.

Situation	Contact
Immediate life-threatening or emergency	Call 911, then call Campus Security at (503) 206-3206 or 211 from a campus phone
Criminal offense occurred in the past (burglary, etc.)	Campus Security at (503) 206-3206 or 211 from a campus phone

Details of incidents can be submitted via an online threat assessment, incident management and prevention services reporting software known as TIPS, hosted by Awareity. TIPS is available directly through the UWS website under the "Inside UWS" dropdown menu, at the bottom of the page, or on the [campus safety page](#). This reporting software is available to all UWS students, employees, neighbors, and visitors and allows for confidential reporting of all incidents or safety concerns. This software will allow for anonymous reporting; however, users are encouraged to leave their contact information so that they can be contacted with follow-up information regarding their report.

UWS identifies and trains campus security authorities (CSA) on an annual basis to report crimes on campus.

Chemeketa Community College Campus Crime Reporting

Chemeketa Community College (CCC) handled the safety and security issues for the Massage Therapy Program and Health Centers of UWS on the CCC campus. The CCC office of public safety is located in building 2. CCC lies within the jurisdiction of the Marion County Sheriff's Department.

Situation	Contact
Immediate life-threatening or emergency	Call 911, then call CCC Salem Campus Security at (503) 399-5023
Criminal offense occurred in the past (burglary, etc.)	CCC Salem Campus Security at (503) 399-5023; Marion County non-emergency dispatch (503) 588-5032

Off-Campus Crime Reporting

While UWS does not have any off-campus student organizations, UWS does operate several off-campus health centers. For any emergencies at the off-campus locations, call 911. Portland police officers are the first responders for any major safety and security issues at the UWS Health Centers in East Portland or Downtown. Gresham police are the first responders for any major safety or security concern for UWS Health Centers in Gresham. Any incidents occurring at an off-campus location should also be reported using the TIPS reporting software.

Off-site Location	Police Jurisdiction	Non-Emergency Number
UWS Health Center - Downtown	Portland Police	(503) 823-3333
UWS Health Center - Eastside	Portland Police	(503) 823-3333
UWS Health Center - Gresham	Gresham Police	(503) 823-3333

UWS Office of Campus Safety

The director of facilities oversees the office of campus public safety located on the lower level of the science building. Campus Safety can be reached at 503-206-3206 or by dialing 211 from a campus phone. During the day, facilities staff members trained in public safety response handle campus safety and security. Contracted security agents provide security coverage in the late afternoon, weekends, and evenings during hours when students and staff may be on campus.

UWS Campus security officers are not sworn officers and have no authority to make arrests. The Portland police have jurisdiction on the main campus located at 2900 NE 132nd Avenue. There is no memorandum of understanding in effect between UWS and the Portland police. Safety officers conduct foot patrols on the main UWS campus only.

The office of campus public safety provides:

- Personal escorts during the evening or after normal business hours from buildings to parked cars
- Distribution and tracking of university keys
- Access control for the anatomical sciences building
- Security for university facilities
- Logging and investigation of criminal incidents
- Responses to emergencies, fire and security alarms
- Reports of injuries or illness
- Investigation of traffic accidents
- Reports of safety hazards
- Crowd control
- Parking and traffic enforcement
- General information and other types of service calls

The VP for planning and operations chairs the Safety and Security Committee. The VP is involved in the development of safety policies and procedures. Additionally, the director of facilities and the VP provide campus safety information during new student orientation.

Campus Timely Warning and Notification System

UWS employs a campus notification system to alert members of the UWS community in the event of a weather-related campus closing or delayed opening, emergency situation, or other important situation such as the occurrence of a crime. The university determines the content of the notification and initiates the notification system. Powered by e2Campus, the notification system is used to communicate important information during any potential emergency.

Participation in the campus notification system is optional, and participants must sign up to receive these important messages via text or email. Registration is completed online at <https://www.uws.edu/alerts/> on the UWS website. Notices are transmitted in the form of text messages sent to subscribers' emails and/or cell phones. The university does not charge participants to use the service. However, recipients of messages may be assessed a text-message fee by their cell phone provider.

Policy 3019 Timely Warning Notification

https://ftp.uws.edu/udocs/Public/Policies_Public_Access/Business_Facilities%20Polices_3000s/Policy3019_Timely_Warning_Notification.pdf

UWS may issue timely warning notifications if a crime or other dangerous situation is considered a serious and on-going threat to students, faculty, or staff at the main campus or off-site locations. Decisions regarding whether to issue an alert will be considered on a case-by-case basis.

Students and employees at an off-site location or separate campus site may also receive timely warning notifications from the office of campus public safety or similar designee at that location.

Such notifications will be issued via the campus emergency notification system and/or email to enable individuals to protect themselves. When possible, the date and time of the incident, location and nature of the crime or other dangerous situation will be provided. The full message will be posted to the UWS website and to all pertinent UWS social media sites to receive safety tips and updates regarding the situation and provide notification when the threat has passed.

The provost and VP of planning and operations, with consultation of external expert sources as necessary, determines whether to issue a timely warning notification. The VP of planning and operations or designee distributes the alert as directed by the provost. Questions regarding campus alerts should be directed to the provost.

When signing up for the campus notification system, enrollees are required to provide the following information:

- Name
- User ID
- Password
- Email
- Cell phone number

A confirmation text message is sent to the enrollee's cell phone when sign up is completed. The system asks the enrollee to submit a four-digit code via computer to complete the verification.

Circumstances in which notifications are issued may include hazardous weather, a lock down, or any other safety or security concern requiring immediate notification. Such notifications are issued through the campus notification system as well as through the university e-mail system. Campus administration tests the alert system twice a year.

Management of Campus Safety and Emergency Response

UWS Safety and Security Committee

The VP for planning and operations chairs the safety committee and has overall oversight of campus safety and security programs. Committee members include university faculty, staff, administrators and students. Meeting minutes are distributed electronically to all members of the safety committee to be shared with their respective departments.

Campus Training and Education

Incoming on-campus students complete a campus safety orientation online. The training includes important contact information, safety awareness education, and how to handle accidents and injuries. The UWS Annual Security Report is posted on the university website and distributed via email on or before October 1 of each year. A safety-related email is sent at the start of each quarter to all students and employees. This email includes important contact information and how to submit incident reports, reminders and information regarding pertinent safety information for the time of year, and links to local resources.

Campus Security Authorities are identified and trained using training materials provided by the Clery Center for Campus Safety.

On Campus Emergency Response - UWS Main Campus

UWS responds to emergencies including accidents, injuries, life threatening situations and other unforeseen/dangerous occurrences on campus. The following procedures should be followed in the event of an accident/injury/incident on the UWS campus. The Accident/Injury/Incident Report form is available on the university portal.

Policy 1003 Accident/Injury/Incident Response

https://ftp.uws.edu/udocs/Public/Policies_Public_Access/Institutional_Policies_1000s/Policy1003_Accident_Injury_Incident_Response.pdf

If an accident/injury/incident which occurs on campus is an emergency, a threat to others, or a medical emergency, the following procedure should be observed:

1. Call 911 immediately.
2. Call UWS Campus Security (503) 206-3206 (or 211 from a campus phone).
3. Designated campus security personnel will respond to the emergency, assess the situation, and call 911 if others have not already done so. Campus designated security personnel will provide information to the police and responding agencies.
4. If an injured individual is unable to walk without further risk of injury, s/he should only be moved except by qualified personnel.
5. If an injured individual is able to walk without further risk of injury, s/he should proceed to a UWS Health Center for evaluation or seek care elsewhere off campus.
6. The designated campus security officer notifies the provost or associate VP of operations in the case of emergencies requiring hospital treatment or adverse impact to UWS property.
7. The provost or associate VP of operations notifies the campus community of any emergencies that present a danger to others via the campus emergency notification system. The administration takes all necessary steps to ensure the safety of all constituents.
8. The designated campus security officer completes an incident report via TIPS reporting, takes witness information and statements, asks for police contact information, and collects all relevant information and reports at the scene.
9. If the affected person is a UWS employee, the designated campus security officer also notifies the director of human resources.
10. If the affected person is a student, the designated campus security officer notifies the office of student services.
11. Within 24 hours of the accident/injury/incident, the designated campus security officer submits a copy of all reports and information obtained at the scene to the associate VP of operations.

12. Upon receipt of the TIPS report, the associate VP of operations reviews the report and any associated materials and forwards the report to necessary parties. The associate VP of operations investigates to resolve any questions, safety/security issues, or concerns.
13. Designated campus security personnel note the date, time, and place of the accident/injury/incident in the safety log. The safety log and copies of all reports and materials are kept in a secure location in the campus safety office.

Clinic Responsibilities

If the injured individual is subsequently evaluated at a UWS Health Center, the treating clinician should urge the individual to report the incident, if it has not already been reported, via the TIPS reporting tool. In the case of sexual assault, the clinician must notify the office of student services (if a student) or the office of human resources (if an employee).

In-Class Injuries

If an injury occurs in class, these procedures are followed:

1. If a student reports the injury to an instructor, the instructor completes incident report via the TIPS reporting tool.
2. Within 24 hours of receiving the TIPS report, the associate VP of planning and operations will coordinate with the dean of the program in which the student is enrolled and other necessary parties to investigate and provide information as needed for adequate follow-up with the injured student.

Safety Issues and Repairs

If an unsafe condition on campus contributed to the accident/injury/incident, these procedures are followed:

1. The designated campus security officer responding to the scene immediately notifies facilities/maintenance of the condition or repair issue if the condition presents an impending risk to others. The designated security officer will remain at the site until maintenance personnel arrive.
2. If a patient reports a campus safety condition at a UWS clinic, the patient's clinician immediately notifies the clinic director who forwards the information to the associate VP of operations.
3. If the condition does not present an immediate risk to others, the designated security officer places a visible barrier or marker at the site until the repair has been completed.
4. The VP of planning and operations verifies that the safety issue has been resolved.

Policy 3020 Closing Due to Inclement Weather or Emergency

https://ftp.uws.edu/udocs/Public/Policies_Public_Access/Business_Facilities%20Polices_3000s/Policy3020_Closing_due_to_Inclement_Weather_or_Emergency.pdf

Circumstances beyond the university's control, such as inclement weather, national crisis, or other emergencies, may cause it to be unsafe for employees and students to report to work/classes. The president or his/her designee decides when and if conditions warrant official campus closure or delayed start of the workday.

Main Campus and Campus Health Center

If a decision is made to close or delay campus opening, students and employees are notified by email and/or mobile phone text notice of campus closures and delays through the e2Campus Alert system. Employees and students may sign up for automatic alerts through the university website: <https://www.uws.edu/alerts/>. Campus constituents must re-register once every two years. Students and employees may also check the following resources for information about university closings:

Media

A delayed start or closure will be communicated to the major media outlets including TV and radio stations and their websites. The information will also be displayed on TV screen crawls.

Internet

This information is readily accessible to students, faculty and staff on the Internet at:
<http://www.flashalert.net/news.html?id=383>.

Off-Campus Clinics

If a decision is made to close or delay the opening of any off-campus clinic/s, the office of clinics notifies staff, faculty, patients and interns by email and/or phone.

If the UWS campus is not closed and an employee believes s/he cannot safely get to work, the employee may take unpaid time off or use accrued vacation. The employee must notify his/her supervisor as soon as possible.

Safety Awareness and Crime Prevention

Part of crime prevention is individual safety consciousness and awareness of one's immediate environment. UWS suggests the following crime prevention measures, which contribute to the safety and security of the entire UWS community:

- Students and employees should wear their UWS identification badge at all times.
- Do not park in isolated areas. At night, walk in well-lighted areas in groups and avoid short cuts and deserted areas. Students and staff may call campus public safety to provide a safety escort if desired.
- Lock your car immediately upon entrance to or exit from your vehicle.
- Keep your car keys and all personal identifying information with you at all times.
- Do not leave valuable items in your car.
- Do not carry more cash than necessary or advertise how much you have.
- Do not leave personal property unattended anywhere on campus. Keep your locker secured and do not store valuables or your ID in your locker.
- Do not bring any kind of weapon onto UWS property. Firearms and other weapons are prohibited under [Policy 1018 Weapons on Campus](#). Violators are subject to disciplinary action.
- Never confront someone suspicious. If necessary, call 911 from a safe location.

If anything makes you feel unsafe or threatened, call UWS campus public safety at (503) 206-3206 or 211 from a campus phone. In an emergency situation, always call 911 first from a safe location.

Safety and crime prevention is of the utmost importance to the campus community. During normal business hours, UWS is open to students, employees, contractors, guests, and invitees. Please contact UWS Campus Public Safety during non-business hours to access campus facilities.

Tips to Prevent Sexual Violence

Sexual violence affects both men and women. UWS prohibits the crimes of dating violence, domestic violence, sexual assault and stalking and is committed to providing an environment that is free from discrimination on the basis of sex. The university provides resources and training to address concerns related to discrimination on the basis of sex and sexual harassment, including acts of sexual violence, all of which are forms of sex discrimination prohibited by Title IX.

The Title IX coordinator can answer questions regarding the process of reporting, resources, investigation of complaints of sexual discrimination, sexual harassment, sexual assault, domestic violence, stalking, or other potential Title IX violations. The associate dean of students serves as the UWS Title IX coordinator. The associate dean may be reached at (503) 251-5790.

Below are some tips for everyone to help prevent sexual violence.

- Be aware of your surroundings. Knowing where you are and who is around you may help you find a way out of a bad situation.
- Try to avoid isolated areas. It is more difficult to get help if no one is around.

- Walk with purpose. Even if you don't know where you are going, act like you do.
- Trust your instincts. If you feel uncomfortable about a person or situation, remove yourself from the situation immediately. Don't be afraid to make a scene if you are confronted.
- Don't allow yourself to be isolated with someone you don't know or trust.
- Make sure your cell phone is with you and charged and that you have money for a cab ride, if needed.
- Avoid using headphones in both ears, so you can be more aware of your surroundings, especially if walking alone.
- Try not to load yourself down with packages or bags, as this can make you appear more vulnerable.

What to do if you are sexually assaulted:

- **If you are in immediate danger, call 911.**
- **Get to a safe place.** Consider calling a friend or relative for support. This is not the time to be alone. 24-hour crisis lines have trained staff who can support you and explain your options.
- **Go to an emergency room.** Be examined and treated for injuries as soon as possible. If you decide to report the assault to the police, physical specimens collected soon after the assault will be valuable evidence. Do not shower or clean yourself first, or wash the clothes you were wearing.
- **Get medical attention.** Even if you don't intend to report the assault, take care of yourself. You can receive Plan B, pregnancy screening, and screenings for treatments for infections. These services are free for survivors of sexual assault.
- **Know the facts.** Hospitals store evidence for 6 months, so you can change your mind later.
- **Make space for healing.** You may experience many different emotions: fear, grief, guilt, shame, and rage. There are many options for support: talk with a counselor, join a survivors' group, or talk with friends and family.
- **Be compassionate about yourself.** You are not to blame for the rape. Even if your body responded sexually or you believe you were naïve, not cautious or even foolish, it is not your fault. Your behavior did not cause the rape; the rapist caused the rape.

Be an ally to a victim:

- When attending a party, go with a group of friends and arrive together. Check in with each other frequently and leave together.
- Have a buddy system. Don't be afraid to let a friend know if you are worried about his or her safety.
- If you see someone who is intoxicated, offer to call him or her a cab.

If someone you know has been assaulted:

- Listen and be there. Don't judge or tell your friend what they should have done differently.
- Be patient. Remember, it will take your friend some time to deal with the crime.
- Help to empower your friend. Sexual assault is a crime that takes away an individual's power. It is important not to compound this experience by putting pressure on them to do things that they are not yet ready to do.
- Encourage your friend to report the rape to law enforcement and to seek medical attention. Offer to accompany them wherever they need to go (hospital, police station, campus security, etc.).

On-campus Resources Addressing Sexual Assault and Sexual Misconduct

UWS produces resources in writing and provides training opportunities throughout the year. Here are some examples:

- UWS publishes a brochure, 'Sexual Assault and Violence Prevention Resources,' which provide tips and resources to help the UWS campus community stay safe. This brochure is distributed to incoming students and available on campus at the Student Services office and on bulletin boards.
- The online orientation for incoming students addresses sexual assault prevention and support resources.
- New employees are required to take an online sexual harassment prevention training course.
- Student Services sponsored a Safety Fair on June 23, 2014.

- UWS held a mandatory safety training for employees, which included information about sexual assault and sexual misconduct in January 2016.
- Six UWS employees completed the ATIXA Civil Rights Investigator Level One training for investigating and following procedures related to sexual assault and misconduct. This training prompted review and revision of several UWS policies.

Community Resources to Support Victims of Sexual Assault and Misconduct

The state of Oregon provides a website to identify sex offenders registered in the state. After agreeing to the terms of site use, you may search by name or list an address. When listing an address, the residences of any registered sex offender will show up with their location in proximity to the address provided. Here is the link: <http://sexoffenders.oregon.gov/>

Prohibited Discrimination, Including Harassment, Retaliation, and Sexual Misconduct

Discrimination

Discrimination occurs when an individual, or group of individuals, is treated adversely because they belong to a classification of individuals that is protected from discrimination by a federal or state statute or university policy as set forth above.

Harassment

Harassment is unwelcome behavior based on an individual's protected classification that a reasonable person would perceive to be sufficiently severe or pervasive to create an intimidating, hostile, or offensive environment for academic pursuits, employment, or participation in university-sponsored activities.

Harassing conduct may take many forms, including verbal acts and name calling, as well as nonverbal behavior, such as graphic, electronic, and written statements, or conduct that is physically offensive, harmful, or threatening.

Sexual harassment consists of nonconsensual sexual advances, requests for sexual favors, or other verbal or physical conduct of a sexual nature on or off campus, such as:

1. Conduct that has the purpose or effect of unreasonably interfering with an individual's work or academic performance or creating an intimidating or hostile academic or work environment.
2. Submission to such conduct is made either explicitly or implicitly a condition of an individual's employment or academic standing; or
3. Submission to or rejection of such conduct is used as the basis for employment decisions or for academic evaluation, grades, or advancement; or

Sexual harassment may be found in a single episode, as well as in persistent behavior. All individuals are protected from sexual harassment, and sexual harassment is prohibited regardless of the sex of the harasser.

Retaliation

Retaliation occurs when members of the institution, including employees and students, intimidate, threaten, coerce, or in any way discriminate against an individual because the individual has brought a concern or reported a possible violation of a federal civil right. This includes formal or informal reports of a violation and reports regarding a violation of your own rights or the rights of others.

Sexual Misconduct

Sexual misconduct is a type of violence that uses power, control, and/or intimidation to harm another. It includes sexual harassment, sexual assault, domestic violence, dating violence, and stalking. It occurs when there is absence of consent. All individuals are protected from sexual misconduct, and sexual misconduct is prohibited regardless of the sex of the harasser.

Sexual misconduct may include nonconsensual sexual contact. However, physical contact is not necessarily a component of nonconsensual sexual contact. Inappropriate communication that is sufficiently severe or pervasive may constitute sexual misconduct. Making photographs, videos, or other visual or auditory recordings of a sexual nature of another person without the person's consent constitutes sexual misconduct, even if the activity documented was consensual. Similarly, sharing such recordings or other sexually harassing electronic communications without consent is a form of sexual misconduct.

Definitions Associated with Sexual Misconduct

Sexual Assault: Any sexual act; including rape, fondling, and incest; directed against another person, without the consent of the victim, including instances where the victim is incapable of giving consent.

Consent: Consent is a free and clearly given yes, not the absence of a no. Consent is knowing, voluntary, and clear permission to engage in mutually agreed upon sexual activity. Each person is responsible for gaining consent. A person cannot consent if they are unable to understand

what is happening, helpless, asleep, or unconscious for any reason, including due to alcohol or other drugs.

Domestic Violence: Violence committed by the victim's current or former spouse or cohabitant.

Dating Violence: Violence by a person who is or has been in a romantic or intimate relationship with the victim.

Stalking: Intentional and repeated harassment, monitoring, or following of another person, which places that person in reasonable fear of their safety or the safety of others or causes that person to suffer substantial emotional distress.

Education and Prevention

The university offers education and primary prevention, risk reduction and awareness programs for students and employees concerning nondiscrimination and anti-harassment.

Policy 1008 Drugs, Narcotics, and Alcohol

https://ftp.uws.edu/udocs/Public/Policies_Public_Access/Institutional_Policies_1000s/Policy1008_Drugs_Narcotics_and_Alcohol.pdf

This policy satisfies federal requirements set forth in the U.S. Department of Education Drug-Free Schools and Communities Act of 1989 and the U.S. Department of Labor Drug-Free Workplace Act of 1988.

The University of Western States prohibits the unlawful possession, use, manufacture, or distribution of alcohol, marijuana, or other controlled substances by students and employees in buildings, facilities, grounds, or property controlled by the university, or as part of university activities. Controlled substances include, but are not limited to, marijuana, cocaine, cocaine derivatives, heroin, amphetamines, barbiturates, LSD, PCP, tranquilizers, and inhalants. The university is committed to preventing the abuse of alcohol, marijuana, and the illegal use of controlled substances, marijuana and/or alcohol by employees.

Any student or employee of the university found to be abusing alcohol or to be using, possessing, manufacturing, or distributing marijuana or other controlled substances on university property or at university-sponsored events, in violation of university policy or the law, shall be subject to disciplinary action in accordance with applicable laws or policies. Such disciplinary action includes, but is not limited to: suspension, termination of enrollment or employment, referral for prosecution, and/or the completion of an appropriate substance abuse assistance or rehabilitation program at the individual's expense.

All students and employees must notify the university of any criminal drug statute conviction within five days of such a conviction for a violation occurring in buildings, facilities, grounds, or property controlled by the university. In turn, the university will notify the applicable federal agency of the conviction. Appropriate action will be taken within 30 days of a report of a conviction or violation of this policy.

Any supervisor who notices a pattern of impaired work performance, unacceptable conduct, unexplained absence, or excessive use of leave time is encouraged to consult with the human resources department concerning appropriate procedures. In accordance with this policy, the emphasis in any intervention is on rehabilitation rather than on disciplinary or punitive action. The employee who enters treatment may be granted an unpaid leave for this purpose. Return to work will be contingent upon successful completion of treatment as certified by the treatment facility.

Any employee experiencing problems resulting from marijuana, other narcotic or alcohol abuse or addiction is strongly encouraged to seek treatment. Information about Portland metropolitan area treatment programs and facilities, and employee benefit insurance coverage for drug and alcohol treatment is available from the human resources department. Employee inquiries about treatment programs are confidential.

Student Violation Procedure

Reports of substance abuse where a student's behavior or ability to function has been altered or the abuse is potentially harmful to the student or the community shall be provided to the office of student services. Any member of the campus community or persons not affiliated with the university may report incidents of student substance abuse in writing to the office of student services on the respective form (available on the policy portal or in the office of student services).

Upon receipt of a report regarding a purported substance abuser, the appropriate administrator will meet with the student and determine the necessary course of action, which may include, at the institution's discretion: no action, disciplinary warning, probation, suspension, voluntary leave of absence, or dismissal/termination.

Employee Violation Procedure

The following is the procedure to be followed if and when an employee is found to be under the influence of marijuana, illegal narcotics, or alcohol on university premises.

1. An employee who is found to be under the influence of marijuana, other narcotics, or alcohol will be asked by his/her supervisor to cease work activities and move to a private area with another supervisor to inquire about the behavior, rumor, or report. If there is evidence or suspicion of recent use and based upon the employee's response, the supervisor will arrange for the employee to be escorted home. The employee's supervisor will immediately document the occurrence on the respective form (available on the policy portal or from the office of human resources) and forward the report to the office of human resources.
2. At the discretion of the president, a last chance agreement may be offered between the employee and the university. The agreement will state the terms and conditions necessary to the employee's continued employment at the university. If the employee states that s/he has problems resulting from marijuana or other narcotic use, or alcohol abuse, the office of human resources may assist the employee in seeking appropriate treatment.

Return to work will be predicated upon the successful completion of treatment as certified by the treatment facility. The employee will be advised that if s/he is found to be under the influence of marijuana or other narcotics or alcohol at any time in the future on university premises, s/he will be terminated immediately. If the employee refuses treatment, s/he will be terminated.

Policy 1017 Tobacco and Marijuana-Free Campus

https://ftp.uws.edu/udocs/Public/Policies_Public_Access/Institutional_Policies_1000s/Policy1017_Tobacco_and_Marijuana-Free_Campus.pdf

The use of tobacco or marijuana in any form including smoking, use of e-cigarettes (personal vaporizer, electronic nicotine delivery system and/or other similar devices), chewing tobacco, and consuming marijuana-infused edibles is prohibited in all campus buildings and grounds, in off-campus health centers, locations where UWS has participant agreements, and at all university-sponsored events. Employees who choose to smoke or use tobacco and/or e-cigarette products during the workday must leave campus or their work location to do so.

This policy applies to all students, employees, volunteers, patients, vendors, contractors, visitors, and campus guests. Individuals who fail to comply with this policy will be subject to appropriate disciplinary action up to and including being required to leave the campus grounds or facility (in the

case of patients, volunteers, vendors, contractors and guests), dismissal from the university, and/or termination of employment.

The university complies with all federal, state, and municipal laws and regulations regarding possession and/or use of smoking and tobacco and marijuana products.

Note: In support of this policy, the university offers smoking cessation services and/or referral to resources through the office of human resources, the office of student services, and UWS Health Centers. Additional resources are available at the Oregon Tobacco Quit Line by calling 1-800-QUIT-NOW or registering at quitnow.net/Oregon.

Policy 3403 Criminal Records and Administrative Sanctions/Restrictions

https://ftp.uws.edu/udocs/Public/Policies_Public_Access/Human_Resources_Policies_3400s/Policy3403_Criminal_Records_Sanctions_or_Restrictions.pdf

The university is committed to associating itself with faculty, staff and other authorized university representatives that comport themselves with integrity and exemplary professional conduct.

An employee and/or duly authorized university agent who, upon application for or during the course of employment and/or business relationship with the university must immediately disclose the final disposition of any such action noted below, regardless of its origin or nature, to his/her immediate supervisor, official university contact, and to the office of human resources. Such actions include:

1. Having been found guilty or responsible for wrongdoing by a criminal court; or
2. Having been the subject of any disciplinary sanction or restriction by a jurisdictional licensing board or authority. Any such findings by an administrative authority or civil court (other than minor traffic citations) may subject the individual to disciplinary action by the university up to and including immediate termination of employment for cause, and/or immediate termination of any business relationships with the university, depending on the nature, circumstances and severity of the offense.

The university may also choose to conduct an independent investigation into any matter involving alleged criminal or administrative misconduct and may, at the sole discretion of the university, impose disciplinary sanctions even in the absence of formal action by a criminal court or administrative authority.

Policy 1018 Weapons on Campus

https://ftp.uws.edu/udocs/Public/Policies_Public_Access/Institutional_Policies_1000s/Policy1018_Weapons_on_Campus.pdf

UWS desires to protect the well-being of all members of the UWS community and to ensure campus safety. To meet this goal, university policy prohibits firearms and other weapons on any campus or UWS non-campus location. A weapon is any firearm or implement as defined by Oregon statutes. Specifically, students, employees, and others performing services for the university (including temporary employees, consultants, contractors, and vendors) are prohibited from carrying, possessing, or using guns or other dangerous weapons or devices for any purpose at any time on university premises. This includes weapons (e.g., firearms, including hunting rifles) kept in vehicles on university property.

Weapons and other dangerous devices are also prohibited off of university premises while on university business or at university-sponsored events. Persons who possess a concealed-weapons permit are requested voluntarily to comply with the intent of this policy. On-duty campus security officers and other law enforcement individuals are allowed to possess weapons on the UWS campus, if so legally empowered.

It is not the purpose of this policy to restrict knives, scalpels, or other such objects used within the academic program, campus maintenance or maintenance of campus equipment, the preparation or consumption of food, utility tools, or tools typically found in a vehicle trunk. Although these objects are

used and allowed on the UWS campus, they should be used for their intended purposes and not as weapons.

Anyone who observes or has knowledge of someone violating this policy should immediately report the incident to the campus public safety office. The observer should be prepared to provide any relevant information that caused him or her to observe or suspect the violation.

Campus safety personnel, management staff, and the president have the right to confiscate weapons from persons who are in violation of this policy. Weapons are held by the university while an investigation of the incident is conducted. Failure to adhere to the university's weapons policy or failure to cooperate in an investigation is grounds for disciplinary action, up to and including immediate termination of employment or suspension or dismissal from the academic program.

Policy 1013 (B) Equal Opportunity and Non-Discrimination

https://ftp.uws.edu/udocs/Public/Policies_Public_Access/Institutional_Policies_1000s/Policy1013B_Equal_Opportunity_and_Non_Discrimination.pdf

The University of Western States affirms and actively promotes the right of all individuals to equal opportunity in education and employment without regard to race, creed, color, sex, sexual orientation, gender identity, marital status, familial status, national origin, religion, age, physical and mental disability, genetic information, family medical history, legal source of income, veteran status, or other status protected by law.

This policy applies to all employees, students, board members, volunteers, and contractors. All employees involved in hiring and promoting employees or involved in the development of university programs or activities are charged to support this effort. Any concerns about student discrimination or harassment should be reported to the director of student services. Any concerns about employee discrimination or harassment should be reported to the director of human resources. Any other concerns about discrimination or harassment should be reported to the office of the president.

The Board of Trustees charges the administration to assure that non-discrimination is aggressively enforced in all aspects of the university.

Records of counseling sessions will be kept in a secure place and will be the personal property of the staff member who is providing the assistance. Records will not be made available to anyone else unless authorized by the person/s receiving the assistance.

Exception

Anyone who offers assistance through the counseling center is legally and morally obligated to uphold the law and is compelled to act in such a manner as to prevent the death or injury of the person/s seeking assistance as well as other persons and to prevent other criminal actions against other persons or property. Information which is offered during a counseling session will be used without the permission of those providing it to prevent any criminal acts as outlined above. Information which indicates a violation of university policy that does not involve a criminal act against one's self, other persons, or property will be held in the strictest confidence.
